TOP REASONS

GREATER CONTROL

From project managers, team members to contractors and subcontractors Seavus Primavera Reader will give you confidence that responsible people have the exact view on schedule progress.

FLEXIBILE LICESING OPTIONS

For small and medium size companies to large enterprise organizations we offer different licensing models to best suit your business needs.

GAIN ACCURATE INSIGHTS INTO PROJECT PROGRESS

All calculations for dates, durations and resource assignments on each level of the project are based on a specific Calendar assigned to them. You can see the details for global, project or resources calendars. Apply a layout to group and orgahize data for better decision making.

COST-EFFECTIVE SOLUTION

Seavus Primavera Reader can help businesses, which already use Oracle Primavera P6 to manage and control projects, to reduce their costs on licensing for people that need to view projects information.

DEDICATED CUSTOMER SUPPORT
