

ScheduleReader™

Installation Instructions

How to Install ScheduleReader™?

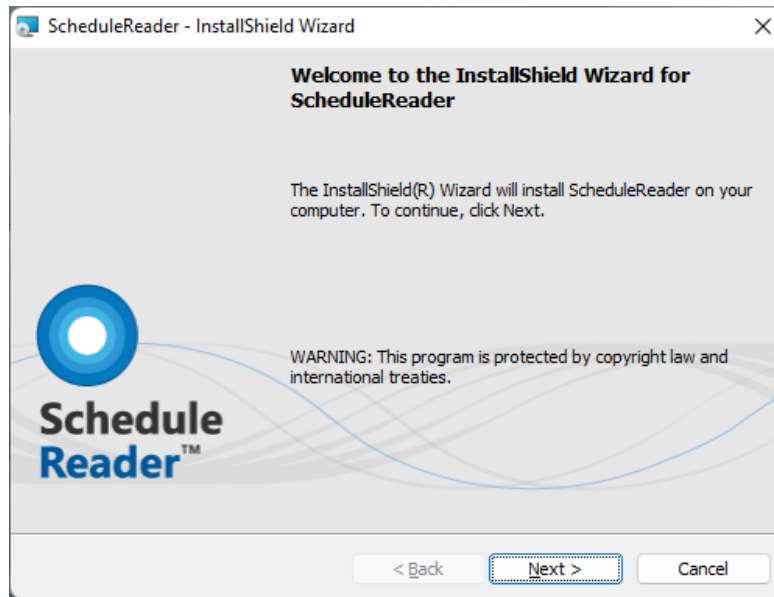

To start the installation of ScheduleReader™ double-clicking on the setup file or use the “Run” command from Start menu.

In order to install the application you will need Administrator privileges on your device.

Note: ScheduleReader™ runs on all supported version of Windows.

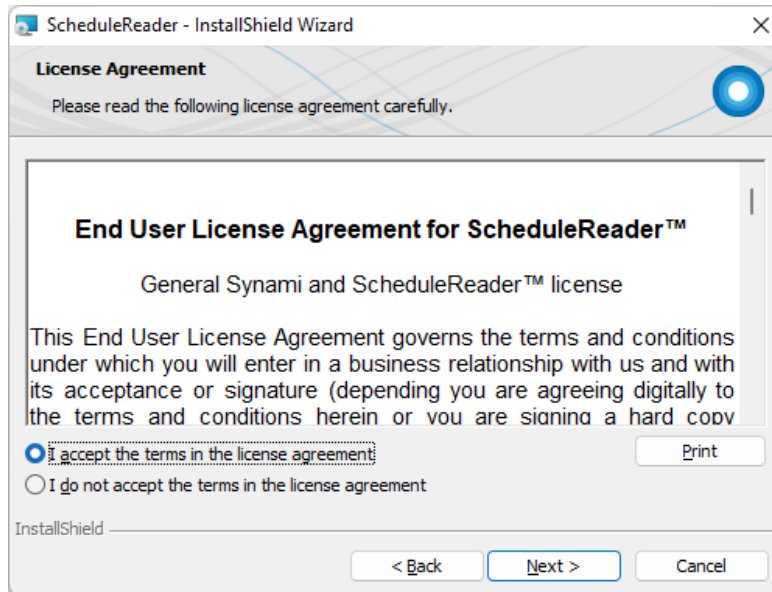

Step 1: Setup Welcome

Once setup is run, the initial preparations for installation begins. The setup wizard will display the Welcome dialogue box from where you can select **Next** to continue, or Cancel if you want to exit the setup.

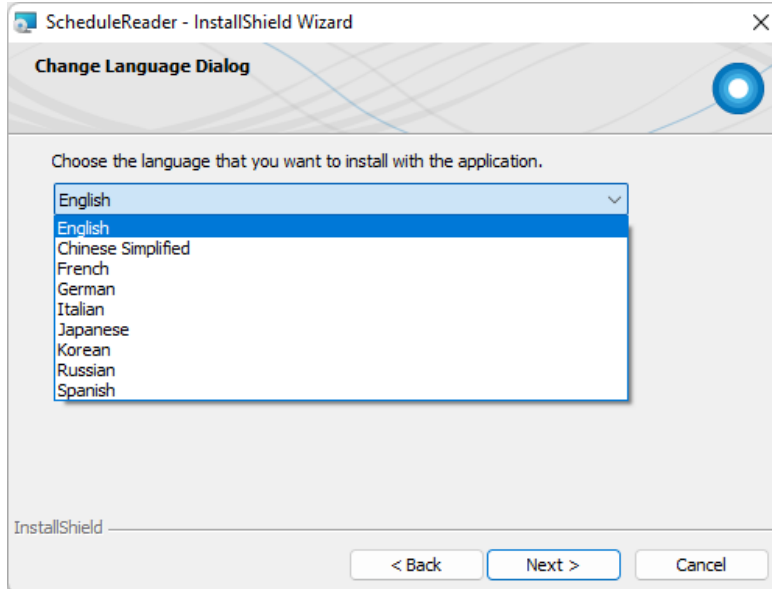

Step 2: License Agreement

License agreement shows the end user license agreement for using ScheduleReader™. Read it carefully and if you agree select “**I accept the terms in the license agreement**”, otherwise, Cancel the installation wizard.

Step 3: Choose application language

From the list of available languages select your language in which application content will be presented.

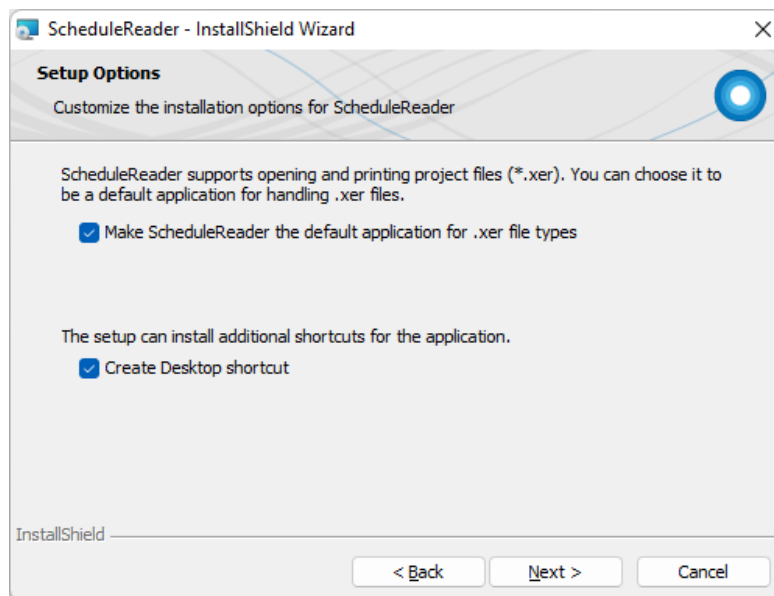

Step 4: Destination folder

Select a destination folder where ScheduleReader™ to be installed on your PC. By default, it is installed in: **C:\Program Files\ScheduleReader**. If you want to install application on another location click on the **Change** button.

Step 5: Setup options

In Setup option dialog box you can specify whether ScheduleReader™ to be your **default application** for opening .xer files. Also, if you want to create application **shortcut** on your desktop.

Step 6: Ready to install the program

When you have defined with your setup preferences for ScheduleReader™ click on **Install** button or go Back to change any setting.

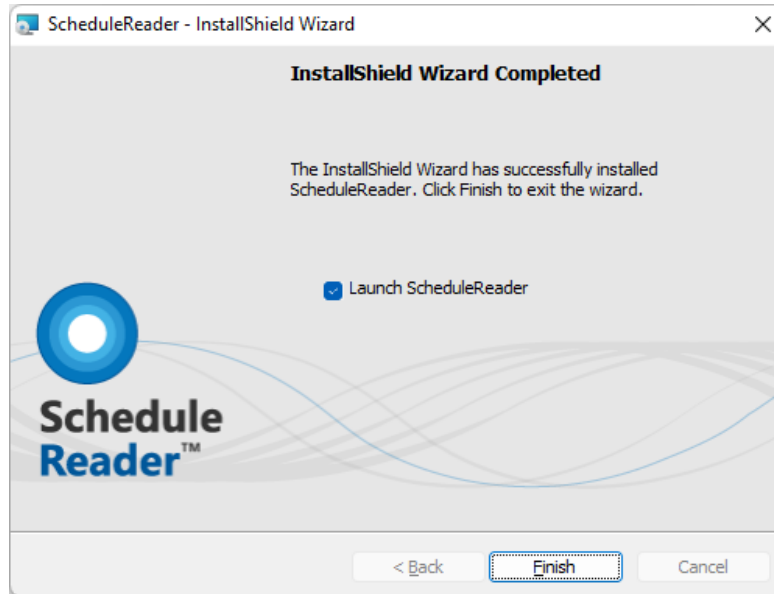

Step 7: Progress

You can see the progress in the Installation dialog. You can stop the installation by click on Cancel button. This will roll back the installation and remove all data related to this product on your device.

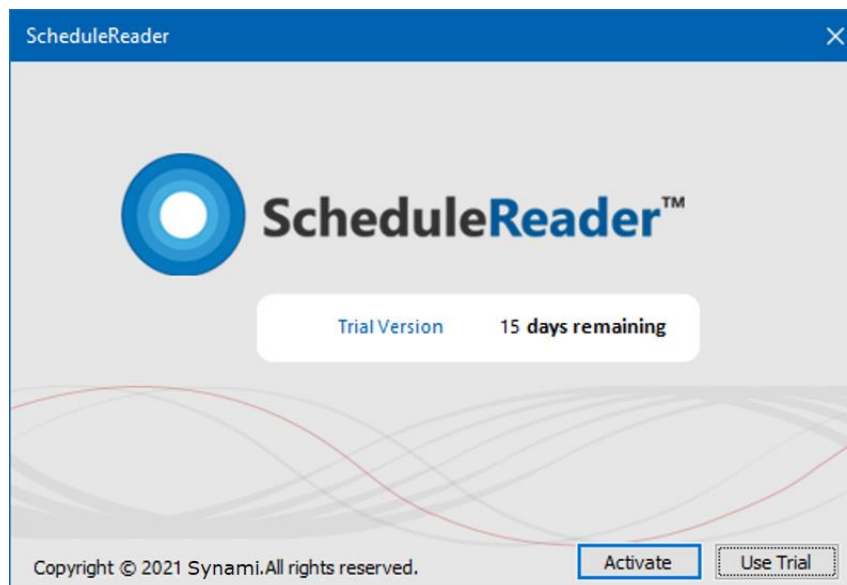

Step 8: Setup Completed

Once installation is completed you will get a message that application is successfully installed on your computer. Click **Finish** to open ScheduleReader™.

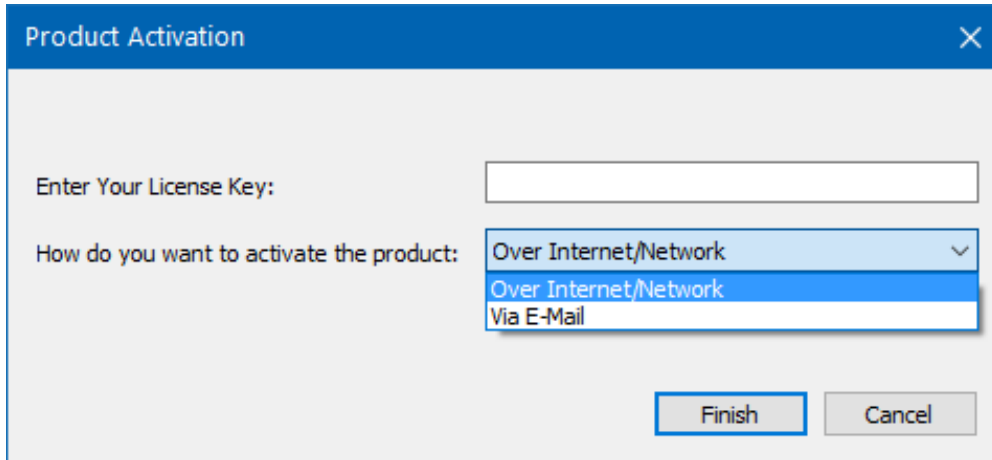

Step 9: Product Activation

ScheduleReader™ trial version can be used up to 15 days. Once trial version has expired, you should activate the application by providing your License key.

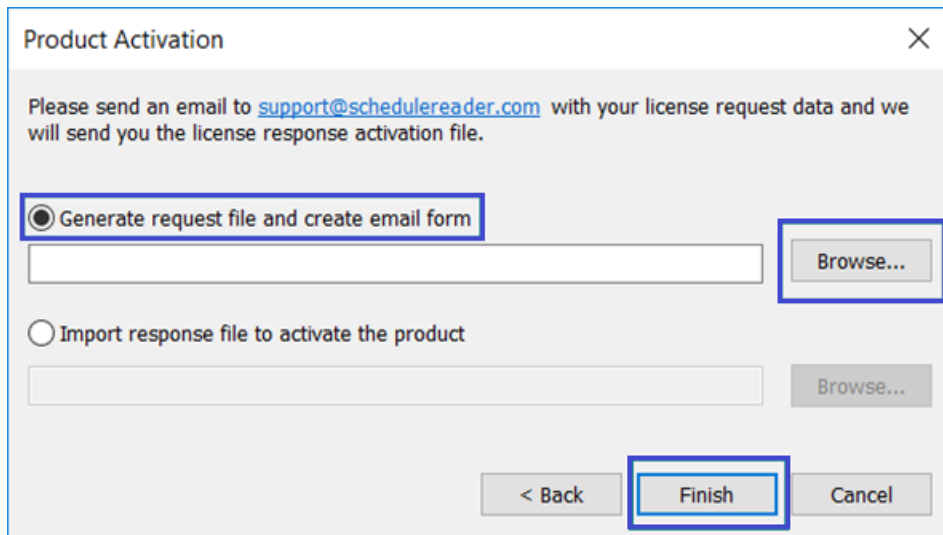

Product activation can be performed:

The image shows a 'Product Activation' dialog box with a blue header and a close button (X) in the top right corner. It contains two input fields: 'Enter Your License Key:' with an empty text box, and 'How do you want to activate the product:' with a dropdown menu. The dropdown menu is open, showing three options: 'Over Internet/Network' (selected), 'Over Internet/Network', and 'Via E-Mail'. At the bottom right, there are two buttons: 'Finish' and 'Cancel'.

- **Over Internet/Network**
- **Via Email** – send an email at support@schedulereader.com along with your **Request File** that is automatically generated by the application and wait our support team to send you the **Response File** for activation.

The image shows a 'Product Activation' dialog box with a blue header and a close button (X) in the top right corner. It contains a text block: 'Please send an email to support@schedulereader.com with your license request data and we will send you the license response activation file.' Below this are two radio buttons. The first is selected and labeled 'Generate request file and create email form', with a 'Browse...' button to its right. The second is labeled 'Import response file to activate the product', with a 'Browse...' button to its right. At the bottom, there are three buttons: '< Back', 'Finish', and 'Cancel'.

- Save the attachment from the e-mail on location on your PC. Start the activation procedure once again. Select the **“Import response file to activate the product”** radio button. Browse the file that you have previously saved and complete the activation procedure.
